Who am I?

My name is Anas Kamal Badran, 24 years old, born and lived my entire life in Palestine, Gaza strip.

I am a self-taught Front-end Developer, I have a lot of passion to this field, my learning journey started six months ago, and I have spent a lot and a LOT of hours learning and practicing, I have developed my experience in this field by:

- studying and reading from specialized websites and documentation's, like: MDN, W3Schools, FreeCodeCamp.
- Watching and learning from a professional developers; specialized in this field, like: Steve Griffith.
- Practicing, and a lot of practice.
